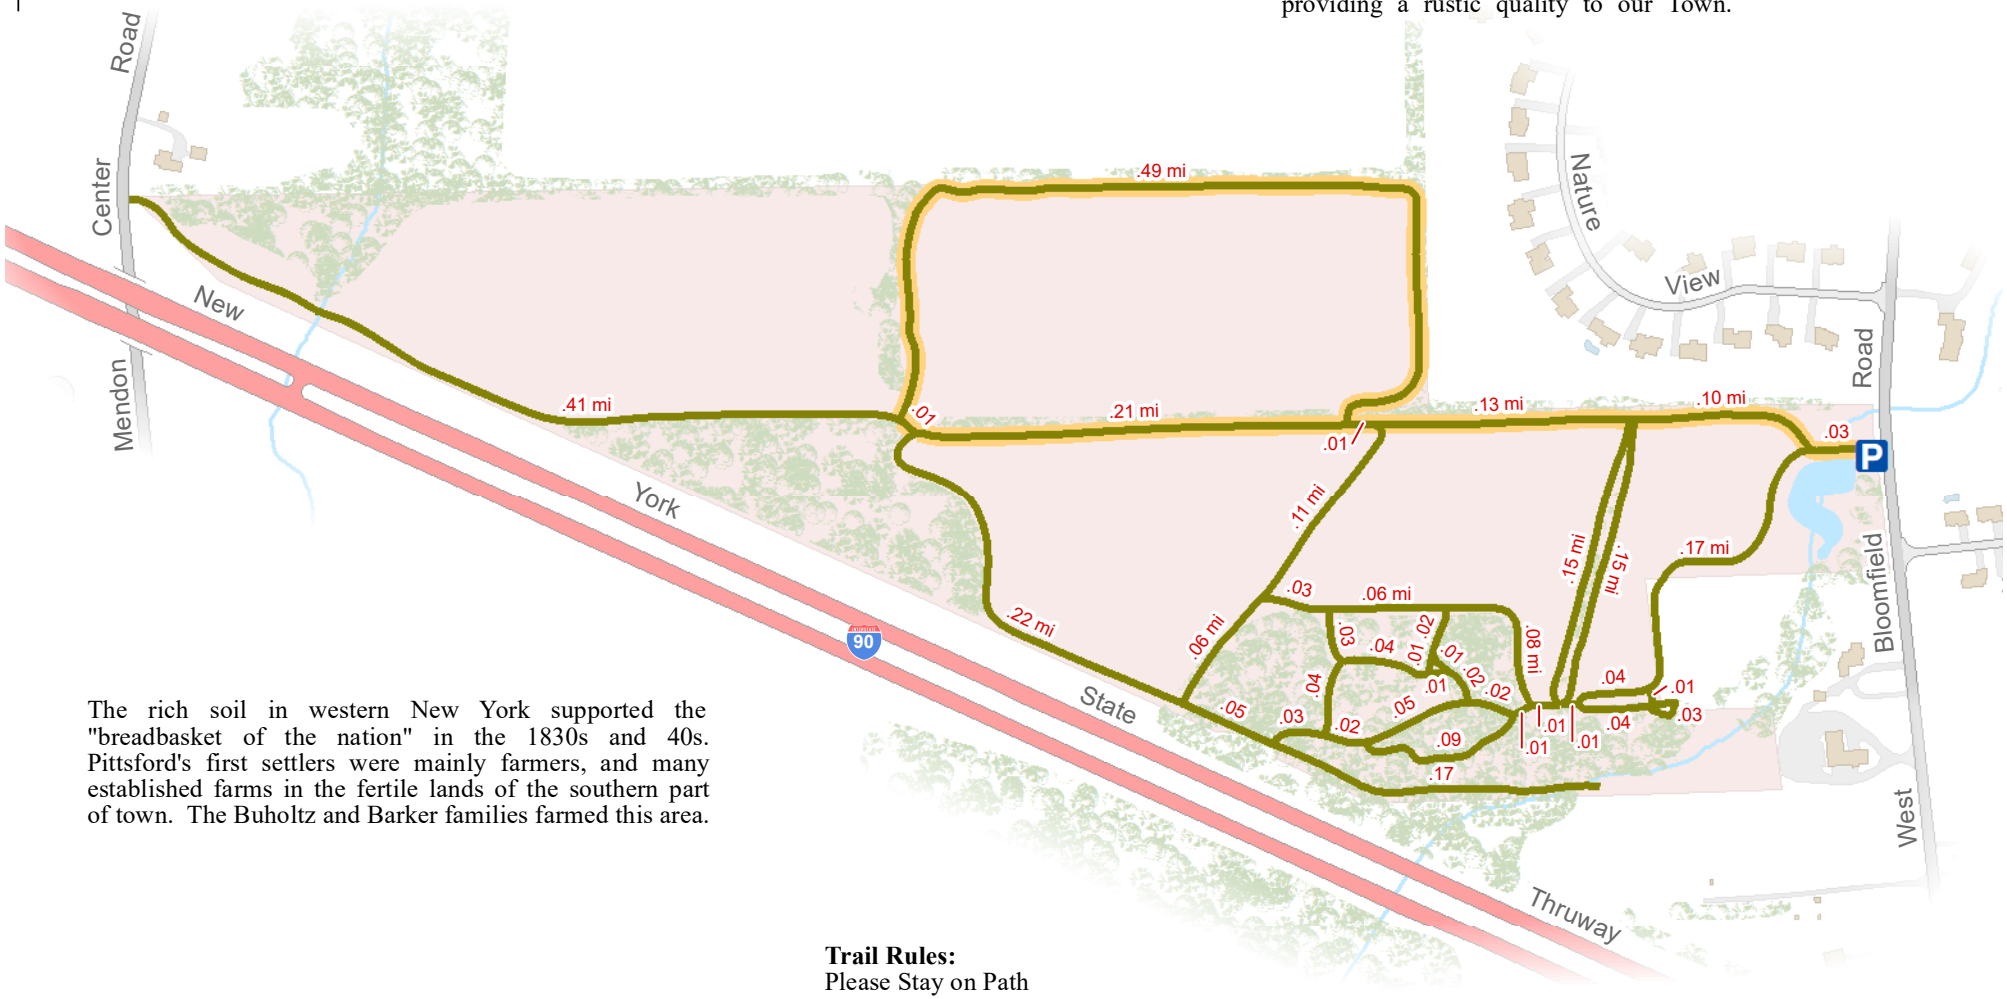
**Greenprint for Pittsford's Future**

The Town of Pittsford is committed to preserving its open space and agricultural lands. Pittsford pioneered the term Greenprint in 1996 when it adopted the "Greenprint for Pittsford's Future." The Greenprint evaluated all the undeveloped land in Pittsford, and established protections for the highest rated agricultural, ecological, and open space and cultural resources. The result will be the preservation of almost 2,400 acres of land, nearly 67% of the remaining undeveloped land. The Greenprint remains an important planning tool for Pittsford, and continues to serve as a model for communities across the United States.

**Royal Coach Loop 1.26 Miles**

This natural surface trail is located on open space known as Royal Coach. The Town's open space is comprised of over 1,130 acres and includes neighborhood recreation spaces, undeveloped fields, woodlots, and working farmland. These areas serve our residents' need for casual recreation while providing a rustic quality to our Town.



The rich soil in western New York supported the "breadbasket of the nation" in the 1830s and 40s. Pittsford's first settlers were mainly farmers, and many established farms in the fertile lands of the southern part of town. The Buholtz and Barker families farmed this area.

**Trail Rules:**

Please Stay on Path
Clean Up After Your Dog
Closed During Hours of Darkness
No Motorized Vehicles
No Horses
Alcoholic Beverages Prohibited
Hunting Prohibited

For trail related maintenance issues, please contact the Parks Department at (585) 248-6495. Any other concerns can be directed to the Department of Public Works at (585) 248-6250.
