## Town of Pittsford - a Clean Energy Community

*See listings below for  
Upcoming Activities, Town Board Meetings & Community Meetings*

### ERIE CANAL NATURE PRESERVE OFFICIAL RIBBON CUTTING TOMORROW - ON EARTH DAY *New Town park protects and preserves a unique ecology in the heart of Pittsford.*

We'll hold our official ribbon-cutting for the Town's new Erie Canal Nature Preserve at noon tomorrow on Earth Day – Thursday, April 22. Come visit our new Nature Preserve and learn about our plans for an onsite Native Plants & Pollinators Garden!

Preserving green space and offering a healthy recreational environment for Pittsford's residents has been a Town priority for years. The Erie Canal Nature Preserve is one of the Town's most ambitious projects in recent memory. It protects and conserves a beautiful area of unspoiled land with a unique ecology.

The Preserve encompasses approximately 30 acres of natural wetlands, woodlands and meadows between the Erie Canal and the Auburn Trail. It includes a thriving and healthy frog breeding habitat with four ponds and adjacent wetlands. The Town made significant, but low-impact, improvements to the area that make the site accessible to the public. The preserve offers a creekside rest area, with overlooks of the Frog Ponds and meadows, and includes an elevated boardwalk trail allowing minimal-impact access to the wetlands. A new trail connects the Canal Path with the Auburn Trail.

The Nature Preserve entrance is along the Erie Canalway (Towpath) Trail – a short walk east from the Monroe Avenue Bridge or west from the North Main Street Bridge. See a [map and information](#) here.

## GIVE ZONING CODE UPDATE COMMENTS AND IDEAS VIA THE ONLINE MAPPING TOOL

*Mapping Tool commenting extended through May 24*

Our Zoning Code Update is underway. Current pandemic protocols prevent traditional in-person workshops at this time but **the Interactive Mapping Tool on our Zoning Code Update website provides a virtual workshop that's open 24 hours a day, seven days a week.** To offer additional time for comments from the public, access to the mapping tool has been extended through May 24.

For an easy way to let us know your thoughts about how and where to implement zoning changes that will best meet the needs defined in our Comprehensive Plan and Active Transportation Plan, use the Interactive Mapping Tool. [Find tips for using our Interactive Mapping Tool here.](#)

The Pittsford Zoning Code Update Interactive Mapping Tool, and details about how to use it, can be found at [www.townofpittsford.org/zoningupdate/mapcomments](http://www.townofpittsford.org/zoningupdate/mapcomments).

Learn more about the Zoning Code Update and find links to the Town's Comprehensive Plan, Active Transportation Plan, current Zoning Code, and other informational materials, on the **Zoning Code Update website** at [www.townofpittsford.org/zoningupdate](http://www.townofpittsford.org/zoningupdate).

# BLOOD DRIVE

Friday, April 23: 1pm-6pm  
Fisher Meeting Room  
Appointment required.

## BLOOD DRIVE AT THE LIBRARY THIS FRIDAY

The Town of Pittsford will host a Red Cross blood drive this Friday, April 23 from 1:00 - 6:00pm at the Pittsford Community Library in the Fisher Meeting Room. The Library is located at 24 State Street in the Village of Pittsford.

Donors can schedule an appointment by calling 1-800-RED CROSS (1-800-733-2767) or using this [online registration link](#). Please **schedule an appointment prior to your arrival to help ensure we can safely manage the flow of donors.**

**The Red Cross will be following all COVID-19 guidelines during the blood drive;** additional precautions in place include physical distancing protocols, face coverings, health screenings and enhanced cleaning procedures. Enhanced safety practices include:

- **Pre-Donation Donor Temperature Screening** - all donors must have their temperature taken onsite before entering the blood drive; those with a temperature greater than 99.5°F will be asked to donate at another time and will not enter.
- **Masks** - all donors, staff and volunteers are required to wear masks; those without a mask will be provided with one.
- **Enhanced Disinfecting** - hand sanitizer will be available in multiple areas and donor beds will be sanitized between every donor.
- **All staff will be screened** for temperature and symptoms before working; staff will wear gloves throughout entire blood drive, changing gloves between every donor.

Donors can save time using the RapidPass registration process. Just visit [www.redcrossblood.org/RapidPass](http://www.redcrossblood.org/RapidPass) on the day of your scheduled donation, read the information, answer the questions, then print or email yourself the pass.

Donating blood is a simple thing to do, but it can make a big difference in the lives of others. **Current natural disasters and the complexities of COVID-19 mean your help is needed now more than ever.** The Red Cross has the ability to move blood around the country to wherever, and whenever, it is needed most. **All blood, platelet and plasma donations will be tested for COVID-19 antibodies as well.** The test may indicate if the donor's immune system has produced antibodies to this coronavirus, regardless of whether they developed symptoms.

As we continue to navigate this pandemic, blood donations remain essential to the health of our communities. The Red Cross needs the ongoing support of blood donors and blood drive hosts to ensure blood products are available for patients battling disease and facing the unexpected. If you are eligible and feeling well, please make

an appointment today to give by using the Red Cross Blood Donor App, visiting [RedCrossBlood.org](http://RedCrossBlood.org) or calling 800-RED-CROSS.
