## **FLAGS LINING MAIN STREET HONOR 9/11 ANNIVERSARY**

Many thanks to the scouts of Troop 167 who, as they do each year, put up the flags along Main Street in the Village this past Monday for Labor Day. In recognition of the upcoming 20<sup>th</sup> anniversary, the flags will line Main Street through this Saturday, 9/11 as we remember and honor the lives lost, the lives forever changed, and the courage and selflessness shown by so many Americans on that day 20 years ago.

## **BLOOD DRIVE AT THE LIBRARY THIS FRIDAY**

The Town of Pittsford will host a Red Cross blood drive this Friday, September 10 from 11:00am – 4:00pm at the Pittsford Community Library in the Fisher Meeting Room. The Library is located at 24 State Street in the Village of Pittsford.

Donors can schedule an appointment by calling 1-800-RED CROSS (1-800-733-2767) or using this [online registration link](#). Please schedule an appointment prior to your arrival to help ensure we can safely manage the flow of donors.

The Red Cross will be following all current COVID-19 guidelines during the blood drive. Donors can save time using the RapidPass registration process. Just visit [www.redcrossblood.org/RapidPass](http://www.redcrossblood.org/RapidPass) on the day of your scheduled donation, read the information, answer the questions, then print or email yourself the pass.

Donating blood is a simple thing to do, but it can make a big difference in the lives of others. Current natural disasters and the complexities of COVID-19 mean your help is

**needed now more than ever.** The Red Cross has the ability to move blood around the country to wherever, and whenever, it is needed most.

As we continue to navigate this pandemic, blood donations remain essential to the health of our communities. The Red Cross needs the ongoing support of blood donors and blood drive hosts to ensure blood products are available for patients battling disease and facing the unexpected. If you are eligible and feeling well, please make an appointment today to give by using the Red Cross Blood Donor App, visiting [RedCrossBlood.org](https://www.redcrossblood.org) or calling 800-RED-CROSS.

### **REMINDER | FIRST INSTALLMENT OF SCHOOL TAXES DUE 9/15**

First installments of the 2021-2022 school tax bills are due by September 15. Full payments will be accepted through Friday, 10/1. Please include your stub and phone number with your payment. Consistent with our practice since the onset of the pandemic, the Town will continue to encourage payments by mail or by secure mail slots which are located at both the front and back of the Pittsford Town Hall, 11 South Main Street. Full payments may also be made online via a link from the Town's website to the Monroe County website, using Visa and MasterCard only; there will be a 3% fee to use this online payment service. To pay online, click [HERE](#).

On-time first installments may be paid at Canandaigua National Bank, 18 State Street, in Pittsford Village. Canandaigua National Bank will continue to accept full payments only from September 16 through October 1.

**Payment for First installments AFTER SEPTEMBER 15 will only be accepted from September 16 - September 20, with 1% interest.** These payments can be mailed or placed in the secure mail slots located at both the front and back of the Pittsford Town Hall, 11 South Main Street. The additional 1% must be calculated on the entire amount of the 1st installment, if you need assistance in that calculation, please contact the tax office directly at 585-248-6215 for the correct amount due.

Please Note: **We strongly discourage paying your tax bill via Electronic Checking/Online bill pay system.** If paying your bill with an online bill pay system, please be aware that your bank still mails us a paper check without a USPS postmark and it may take as long as two weeks to reach our office. Therefore, we cannot consider your payment received until we physically receive the payment in our office. **We do not recommend sending payment in this manner.**

### **TEAL RIBBONS IN PITTSFORD FOR OVARIAN CANCER AWARENESS – ALL MAY PARTICIPATE**

In honor of Ovarian Cancer Awareness Month, a group of local residents are helping to “turn the town teal” for September to raise awareness about the symptoms of ovarian cancer. Partnering with the non-profit Turn the Towns Teal, the group has placed teal ribbons at the Four Corners in Pittsford Village and is encouraging residents and business owners to do the same on their own private property.

A national campaign, Turn the Towns Teal’s mission is to spread awareness of ovarian cancer's often silent symptoms. The cancer is most treatable in its early stages, but it is not usually diagnosed before the cancer is more advanced. More information about the disease and the group's mission can be found on their website [www.turnthetownsteal.org](http://www.turnthetownsteal.org).

Ginger Ruff and Angelina Shimkus are leading the local Turn the Town Teal campaign this year. Ginger has tied ribbons to raise awareness in Pittsford for three years and in Brighton for six years in honor of her mother, who lost her battle to the disease after a three year fight in 2013. This is Angelina's second year tying ribbons in Pittsford, in honor of her friend's ongoing battle with the disease. Ginger can be reached at [Ginger.n.ruff@gmail.com](mailto:Ginger.n.ruff@gmail.com) for further information.

### **KEEP GROUNDWATER SAFE WHEN DRAINING POOLS, FOUNTAINS & SPAS**

Although it is safe to enjoy pools, fountains and spas when their water is treated properly, that same water in our stormwater system can become hazardous for aquatic life and our environment. Chlorine, acid, algaecides and other water treatment chemicals should be handled, stored, used, and disposed of properly. Even the empty containers need proper cleaning (triple rinse

after each use) before disposing.

**When draining your pool, fountain or spa for the season, please follow these guidelines:**

- Test a water sample and wait for chlorine levels to be close to zero
- Do not drain down a driveway or into a storm sewer
- Never drain into a stream, creek, pond or other natural water body
- Drain slowly to the lawn or other landscaped area of your property using a low-volume pump or siphon; draining slowly will allow any trace chemicals to dissipate and will prevent erosion
- Be aware of drainage patterns that may affect neighboring properties, especially steep slopes
- Winterize your pool by waiting for chlorine levels to be close to zero, draining your pool as described above and then adding your winter treatment chemicals. Draining first reduces the amount of chemicals needed and saves money. After draining, mix the chemicals in your pool by using a skimmer pole and brush attachment. If draining after chemicals are added, allow chemicals to mix in the pool for at least a few days before draining the water.

The bottom line: to keep our groundwater safe, all water drained from pools, fountains and spas should infiltrate into the ground rather than enter the storm sewer system. Be aware and follow through, and you can be an H2O Hero too! Find more info at <https://www.h2ohero.org/at-home?rq=pool>.

To learn more about reducing stormwater pollution, visit the [Town's Stormwater Management webpage](#) or the H2O Hero website [www.h2ohero.org](http://www.h2ohero.org).

## COVID-19 Closure Updates

On June 15, 2021, Governor Cuomo announced that COVID-19 restrictions are lifted immediately as 70 percent of New Yorkers aged 18 or older have received the first dose of their COVID-19 vaccination series. The State's health guidance and New York Forward industry specific guidelines—including social gathering limits, capacity restrictions, social distancing, cleaning and disinfection, health screening, and contact information for tracing—are now optional for retail, food services, offices, gyms and fitness centers, amusement and family entertainment, hair salons, barber shops and personal care services, among other commercial settings.

On August 2, 2021, Monroe County was designated as a County with a “substantial” COVID infection. Consequently, the CDC now recommends that people, regardless of vaccination status, wear a mask indoors. This is a recommendation, not a mandate. The guidelines are unclear at this point, as is the situation. Neither the State, the County or the Town has imposed a mask *requirement* at this stage. pp

Unvaccinated individuals continue to be responsible for wearing masks, in accordance with federal CDC guidance. Consistent with the State's implementation of the recent CDC guidance, masks are still required for unvaccinated individuals. For information on the vaccine, on getting the vaccine, regional vaccination data and more visit the [Finger Lakes COVID-19 Vaccine Hub](#).
