TOWN CLOSURES FOR MEMORIAL DAY HOLIDAY

All Town of Pittsford offices and facilities will be closed on Monday, May 30 in observance of the Memorial Day holiday. In addition, the Pittsford Community Library will be closed Saturday and Sunday, May 28 and 29. Town brush and yard debris collection will be delayed one day due to the holiday.

NORTH MAIN STREET BRIDGE CLOSING THIS MONDAY, JUNE 1, THROUGH AUGUST 1

Additional State DOT road repaving work to begin in September.

Initial work for the State Department of Transportation repaving projects in Pittsford has been underway and the State's North Main Street Bridge resurfacing project begins this Monday, June 1.

The State will close the North Main Street Canal Bridge this Monday, June 1, to do a complete resurfacing of the bridge deck and sidewalks. The bridge is scheduled to reopen on August 1. Schoen Place will remain open to

traffic during this time and the Canal Trail will be open as well. Northbound traffic along NY-96 (Main Street/East Avenue) will be detoured using Monroe Avenue (NY-31), I-490, and Fairport Road (NY-31F). Southbound traffic will be detoured using French Road and Fairport Road. A pedestrian detour will utilize Monroe Avenue and Schoen Place.

Initial work by the State related to street repaving projects in Pittsford began in late April and will continue through September. This includes upgrades to sidewalk curb ramps, constructing traffic calming crosswalk bump-outs, tree removal and replacements, utility relocations, manhole replacements, minor storm sewer work, and traffic signal replacement and upgrades. Most of this work will be limited to closures of the shoulder of the road, so impact on traffic will be kept to a minimum.

East Avenue, North and South Main Street, Monroe Avenue and State Street (from the canal bridge east through the Village), and **Palmyra Road** (east to the Perinton town line) **all will be completely repaved by the State beginning in September.** This work will be done evenings and overnight.

[View the NYSDOT project map here.](#) Questions or concerns about the project can be directed to Kevin Cannan, Engineer in Charge by email at Kevin.Cannan@dot.ny.gov.

COVID-19 Access Updates

3/2/22 Update: the Statewide mask mandate for schools expired 3/1, mask use is now optional in Pittsford School District schools; for more information, visit www.pittsfordschools.org/COVID-19INFORMATION. The mandate remains in place for health care facilities, transportation and other related entities.

2/10/22 Update: the Statewide mask mandate has expired for indoor public spaces including grocery stores, shops and offices. The mandate remains for other settings such as health care facilities and schools.

1/31/22 Update: the Governor's mask mandate extended to February 10, 2022.

12/13/21 Update: By order of NYS Governor Kathy Hochul, until January 15, 2022 the Town must require all persons entering Town buildings to be masked, regardless of vaccination status. This applies to all Town indoor facilities, including Town Hall, the Spiegel Pittsford Community Center, the Pittsford Community Library, Town Court and the Highway Department, Sewer Department and Parks Department offices.

On June 15, 2021, Governor Cuomo announced that COVID-19 restrictions are lifted immediately as 70 percent of New Yorkers aged 18 or older have received the first dose of their COVID-19 vaccination series. The State's health guidance and New York Forward industry specific guidelines—including social gathering limits, capacity restrictions, social distancing, cleaning and disinfection, health screening, and contact information for tracing—are now optional for retail, food services, offices, gyms and fitness centers, amusement and family entertainment, hair salons, barber shops and personal care services, among other commercial settings.

On August 2, 2021, Monroe County was designated as a County with a "substantial" COVID infection. Consequently, the CDC now recommends that people, regardless of vaccination status, wear a mask indoors. This is a recommendation, not a mandate. The guidelines are unclear at this point, as is the situation. Neither the State, the County or the Town has imposed a mask *requirement* at this stage.

Unvaccinated individuals continue to be responsible for wearing masks, in accordance with federal CDC guidance. Consistent with the State's implementation of the recent CDC guidance, masks are still required for unvaccinated individuals.

For information on the vaccine, on getting the vaccine, regional vaccination data and more visit the [Finger Lakes COVID-19 Vaccine Hub](#).
