### BLOOD DRIVE AT THE LIBRARY THIS FRIDAY, OCTOBER 7

The Town of Pittsford will host a Red Cross blood drive this Friday, October 7, from 10:00am – 3:00pm at the Pittsford Community Library in the Fisher Meeting Room. The Library is located at 24 State Street in the Village of Pittsford.

Donors can schedule an appointment by calling 1-800-RED CROSS (1-800-733-2767) or using this [online registration link](#). Please schedule an appointment prior to your arrival to help ensure we can safely manage the flow of donors.

The Red Cross will be following all current COVID-19 guidelines during the blood drive.

Donors can save time using the RapidPass registration process. Just visit [www.redcrossblood.org/RapidPass](http://www.redcrossblood.org/RapidPass) on the day of your scheduled donation, read the information, answer the questions, then print or email yourself the pass.

Donating blood is a simple thing to do, but it can make a big difference in the lives of others. **The complexities of COVID-19 mean your help is needed now more than ever.** The Red Cross has the ability to move blood around the country to wherever, and whenever, it is needed most. **All blood, platelet and plasma donations will be tested for COVID-19 antibodies as well.** The test may indicate if the donor's immune system has produced antibodies to this coronavirus, regardless of whether they developed symptoms. This also will allow the Red Cross to identify COVID-19 convalescent plasma, which is being used by hospitals to help treat immunocompromised COVID-19 patients.

As we continue to navigate this pandemic, blood donations remain essential to the health of our communities. The Red Cross needs the ongoing support of blood donors and blood drive hosts to ensure blood products are available for patients battling disease and facing the unexpected. If you are eligible and feeling well, please make an appointment today to give by using the Red Cross Blood Donor App, visiting [RedCrossBlood.org](http://RedCrossBlood.org) or calling 800-RED-CROSS.

## COVID-19 Access Updates

3/2/22 Update: the Statewide mask mandate for schools expired 3/1, mask use is now optional in Pittsford School District schools; for more information, visit [www.pittsfordschools.org/COVID-19INFORMATION](http://www.pittsfordschools.org/COVID-19INFORMATION). The mandate remains in place for health care facilities, transportation and other related entities.

2/10/22 Update: the Statewide mask mandate has expired for indoor public spaces including grocery stores, shops and offices. The mandate remains for other settings such as health care facilities and schools.

1/31/22 Update: the Governor's mask mandate extended to February 10, 2022.

12/13/21 Update: By order of NYS Governor Kathy Hochul, until January 15, 2022 the Town must require all persons entering Town buildings to be masked, regardless of vaccination status. This applies to all Town indoor facilities, including Town Hall, the Spiegel Pittsford Community Center, the Pittsford Community Library, Town Court and the Highway Department, Sewer Department and Parks Department offices.

---

On June 15, 2021, Governor Cuomo announced that COVID-19 restrictions are lifted immediately as 70 percent of New Yorkers aged 18 or older have received the first dose of their COVID-19 vaccination series. The State's health guidance and New York Forward industry specific guidelines—including social gathering limits, capacity restrictions, social distancing, cleaning and disinfection, health screening, and contact information for tracing—are now optional for retail, food services, offices, gyms and fitness centers, amusement and family entertainment, hair salons, barber shops and personal care services, among other commercial settings.

On August 2, 2021, Monroe County was designated as a County with a "substantial" COVID infection. Consequently, the CDC now recommends that people, regardless of vaccination status, wear a mask indoors. This is a recommendation, not a mandate. The guidelines are unclear at this point, as is the situation. Neither the State, the County or the Town has imposed a mask *requirement* at this stage.

Unvaccinated individuals continue to be responsible for wearing masks, in accordance with federal CDC guidance. Consistent with the State's implementation of the recent

CDC guidance, masks are still required for unvaccinated individuals.

For information on the vaccine, on getting the vaccine, regional vaccination data and more visit the [Finger Lakes COVID-19 Vaccine Hub](#).
