

Zone in...

to the Town of Pittsford's 2021 Zoning Code Update!

Our local Zoning Code:

- ▶ Determines the **types and locations of land uses** allowed in our community (residential, commercial, industrial, agricultural, open space, etc.)
- ▶ Guides the **design and appearance of structures and sites** (houses, apartment buildings, offices, businesses, parks, etc.)
- ▶ Informs **property management** and use

Your voice is critical to shaping the Zoning Code Update.

We're updating our Zoning Code to better align Town regulations with the community's current needs and goals. Our existing code was adopted in 1992, with updates over the years since. To ensure our Zoning Code is responsive to community needs, the Update will incorporate recommendations from our Comprehensive Plan and recent Town planning activities as well as from suggestions reflecting community consensus.

I invite all Town of Pittsford residents and stakeholders to participate in our Zoning Workshop. You'll not only learn about our Zoning Code, but you'll have the opportunity to offer your input and influence the Update. It is important that we hear from you!
