**REMININDER FROM SUPERVISOR SMITH: MASK USE**

A reminder that COVID-19 virus cases are on the upswing in Monroe County, which makes wearing a mask more important now than ever. Colleges are back in session. Many residents, students and visitors are out enjoying the fall weather. Please remember to keep a mask or face covering with you and use it when you are in a group of people, especially if there is a chance you will be within 6 feet of others outside of your family or home group. **Enjoying our natural spaces** is a positive way to ease the strain of the COVID-19 pandemic and its related restrictions. So too are opportunities to safely enjoy activities or a meal out, or to shop for needed items. When you head out please - for yourself, for others, for reaching more quickly a future where we won't need masks - wear your mask when in public. And if you can, consider **patronizing our local businesses**, whether shopping in-store or online, dining or ordering take-out, utilizing services, or purchasing gift cards for future use. We're all in this together!

WHEN BIking, TAKE CARE AROUND PEDESTRIANS
*Not all can hear audible warnings - slow down when you pass*
With so many of us using the canal path these days, it is more important than ever to safely share the space. While the 6-foot social distancing rule is important, so too is basic cycling courtesy. Bicyclists must warn pedestrians, whenever approaching them, by using an audible signal, such as a horn, bell, or your voice. But not everyone can hear these signals. Please take care when biking near pedestrians. Provide a warning signal, but also slow down significantly when passing. Please also remember cycling is not allowed along the canal path at Schoen Place - bikes must be walked in this area. By respecting each other and taking care, we can all continue to enjoy our beautiful canal path and remain safe and healthy.

MENDON HIGH SCHOOL NAMED A 2020 NATIONAL BLUE RIBBON SCHOOL
Pittsford Mendon High School has been named a 2020 National Blue Ribbon School. The school was designated by the U.S. Department of Education as an **Exemplary High Performing 2020 National Blue Ribbon School**.

The National Blue Ribbon program honors public and private elementary, middle and high schools that are either among the state's highest performing schools or are among those with the highest performance in closing achievement gaps between their student subgroups and their overall student population.

The U.S. Department of Education invites National Blue Ribbon School nominations from the top education official in all states, and up to 420 schools may be nominated each year. The purpose of the National Blue Ribbon Schools award is to recognize exemplary teaching and learning and affirm the hard work of students, educators, families, and communities in creating safe and welcoming schools where students master challenging content. Congratulations Pittsford Mendon High School students, teachers and staff!

**ROTARY ELECTION NIGHT DINNER - DRIVE THRU BBQ AT THORNELL FARM PARK, 11/3**
The [Rotary Club of Pittsford](https://www.pittsfordrotaryclub.org) continues its long tradition of hosting an **Election-Day Supper** by serving drive-thru chicken BBQ dinners this year prepared by Sticky Lips BBQ. Now in its 54th year, the charity event will be held Tuesday, November 3 from 4:30 - 7:00pm at Thornell Farm Park, 480 Pittsford-Mendon Road in Pittsford, just south of Mendon High School.

Tickets for the supper are $12 and available online at [www.PittsfordRotaryClub.org](http://www.PittsfordRotaryClub.org) or from any Pittsford Rotarian.

"We conduct this event annually to celebrate our precious right and obligation to vote and felt it was important to continue the tradition by taking precautionary measures and making it a drive-thru BBQ event this year instead of a pasta supper," said Pat Mallery, who is coordinating the event for the club. "We'll be observing appropriate safety measures such as wearing gloves and face coverings to provide as safe an environment as possible. Sticky Lips serves some of the best barbeque around and we hope the community responds to help us support local and regional charities while enjoying a great meal."

Rotarians will be on hand to control traffic flow and serve the dinners, which will include a half chicken, baked beans, macaroni salad and cornbread. The first 200 dinners served will receive a Pittsford Farms Dairy coupon for a serving of ice cream, to be redeemed by November 4. A $7.00 Sticky Lips coupon also will be included with each meal.
All proceeds from this event will be used to support the many charitable organizations that receive assistance from Pittsford Rotary - including the Pittsford Food Cupboard, Habitat for Humanity and the student dictionary project.

HEALTHY LAWN CARE FOR THE FALL
In keeping with the Toxin-Free Lawn challenge that the Town initiated in 2019, here's a reminder that the fall is a great time for aerating and overseeding. This thickens up your lawn and helps crowd out weeds naturally. In this region it's the best time to fertilize your lawn as well. Doing it now helps sustain your lawn through the winter and produces lush growth come spring. To avoid fertilizer run-off, don't fertilize before heavy rain is forecast. Fertilizing shortly after a healthy rainfall helps nutrients sink into the soil.

Be sure to continue mowing during the fall. Grass that's too long or too short is more subject to harm from cold weather. Leaving grass clippings on the lawn and mowing fallen leaves with a mulching mower is an environmentally friendly way to strengthen your lawn for the winter ahead.

Fall is also a good time to re-evaluate your lawn care program for the following year. If you have a lawn service, carefully assess and discuss your needs with your lawn company. Whether you choose extensive or low maintenance efforts, synthetic or organic lawn care products, caring for your lawn in a responsible manner is important not just to your yard but to the overall environment. If you are interested in working toward minimizing your use of synthetic lawn chemicals or perhaps in going completely organic, you can find tips to help you cultivate a healthy lawn that's healthy for the environment - visit the Town website at www.townofpittsford.org/responsible-lawn-care.
