APPROVAL OF ANIMAL SHELTERING SERVICES CONTRACT WITH HOWLYWOOD, INC.
The Supervisor mentioned the problem facing the Animal Control departments of all the Monroe County towns as various animal sheltering facilities have withdrawn from that business. Discussion of Councilmember Koshykar’s questions about adding certain provisions to the contract were resolved by the Board agreeing to approve the contract in the form presented, so that the Town can shelter animals if it becomes necessary in the weeks immediately ahead, but to ask Howlywood, Inc. to agree to additional insurance and indemnification provisions in a revised contract. The Supervisor noted that Board materials are distributed to Town Board members the Friday before each Board meeting, among other reasons so that members can suggest such revisions in time for them to be included for approval at the Board meeting and therefore avoiding delay in approvals that are needed. Therefore a Resolution to approve the contract as presented and to authorize the Supervisor to sign it was moved by Supervisor Smith, seconded by Deputy Supervisor Munzinger, and voted on by members as follows: Ayes: Koshykar, Munzinger, Townsend and Smith. Nays: none. Absent: Taylor.

The Resolution was declared carried as follows:
RESOLVED, that the Town Board approve the proposed agreement with Howlywood, Inc. for sheltering services and authorizes the Town Supervisor to sign the agreement.

OTHER BUSINESS

Supervisor Smith noted his conversations with the Town’s consultants on the progress of revising the Zoning Code. He reminded all Board members that their next meeting to review proposed Zoning Code revisions will be on Wednesday, August 10 at 4:00 P.M. in the basement meeting room at Town Hall. It will involve review of proposed additions and changes to additional regulations governing the uses in the new code section reviewed and provisionally approved at the previous meeting.

Councilmember Townsend shared updates from the Environmental Board, including questions about the status of the tree ordinance, an update on the wetland protection meeting and town wide composting initiative. Supervisor Smith advised on each as follows.

As to the tree ordinance, Supervisor Smith answered that revisions to the proposed tree ordinance suggested by the Environmental Advisory Board had been incorporated into a revised draft and it was his understanding that that board was still discussing the revised draft. Councilmember Townsend indicated she would look into the status of the revised ordinance with the Environmental Advisory Board.

As to the wetland protection meeting, the Supervisor noted that he had attended it and reacted favorably to recommendations made by the presenter, Andy Smith, Senior Environmental Scientist at Stantec Engineering. These, he said, appeared practical and inexpensive and would help in maintaining the integrity of the Town’s Erie Canal Nature Preserve. The Supervisor noted that he had contacted Andy Smith to meet with him, for the purpose of detailing his proposals and scheduling them, for review by Parks Department Foreman Jess Neal.

As to composting, the Supervisor noted a lack of significant public demand to justify a town-wide composting program to be run by the Town. The Supervisor referred to the Town’s long-standing working relationship with Impact Earth. Using Impact Earth, the Town currently composes all food waste items from our Senior Center community programs and all Town festivals. In addition, he noted that Impact Earth offers home composting services to residents. Councilmember Townsend suggested adding composting services to bid specifications for the next contract for Refuse Districts. Commissioner Schenkel indicated he would look into it.

PUBLIC COMMENT

Supervisor Smith asked for any comments from residents. With none offered in person or by email, the Supervisor adjourned the meeting at 6:28 P.M.

Respectfully submitted,

Renee McQuillen
Town Clerk
