DRAFT
TOWN OF PITTSFORD
TOWN BOARD
January 16, 2024

Proceedings of a meeting of the Pittsford Town Board held on Tuesday, January 16, 2024, at 6:00 P.M. local time in the Lower-Level Meeting Room of Town Hall, 11 South Main Street, in person.

ABSENT: None.

ALSO PRESENT: Staff Members: Robert Koegel, Town Attorney; Paul Schenkel, Commissioner of Public Works; Renee McQuillen, Town Clerk; Jessie Hollenbeck, Recreation Director; Kelly Eldred, Assistant to the Supervisor; Holly Jennings, Communications Assistant; Spencer Bernard, Chief of Staff.

ATTENDANCE: Thirteen members of the public along with an interpreter attended.

Supervisor Smith called the Town Board meeting to order at 6:00 P.M. and invited all to join in the Pledge to Flag.

PROCLAMATION FOR MARTIN LUTHER KING, JR. DAY
Each board member read a paragraph of the proclamation below.

Whereas, Dr. Martin Luther King, Jr. was an unwavering champion for justice and understanding, whose activism shined the light on injustice and illuminated our common humanity; and

Whereas, Dr. King’s commitment to the ideals upon which America was founded – among them liberty, equality, and opportunity for all – reflect a true and enduring patriotism that changed the course of our country’s history and to this day inspires our continued efforts to bring to life his dream that our citizens and residents “will be judged not by the color of their skin but by the content of their character;” and

Whereas, each of us should contribute to making our community better by working to assure equal opportunity for all citizens, and as Martin Luther King, Jr. Day is the only federal holiday commemorated as a National Day of Service, it offers an opportunity for us to give back to our community on the holiday and make an ongoing commitment to service throughout the year;

Now, Therefore, Be It Known, on the occasion of the nation’s annual celebration of Martin Luther King, Jr. Day, that the members of the Town Board of Pittsford recognize Dr. King’s legacy of justice, non-violence, equal opportunity and brotherhood, and those aspects of our lives and experience that unite, rather than divide; and proclaim the enduring relevancy of that legacy for our nation and our community; and

Be it Further Known that it is with appreciation and a commitment to Dr. King’s ideals that the members of the Pittsford Town Board ask our fellow residents to join us in remembering and honoring the life, work and legacy of Rev. Dr. Martin Luther King, Jr., on the national holiday in his honor, January 15, 2024, and every day.

LOCAL LAW NO. 2 OF 2024:
THE ADOPTION OF PROPOSED LOCAL LAW
NO. 2 OF 2024: AMENDING ARTICLE VII OF CHAPTER 133
OF THE TOWN OF PITTSFORD MUNICIPAL CODE
ENTITLED TAXATION – REAL PROPERTY TAX
EXEMPTION FOR DISABLED PERSONS

Sec. 1 Title

This Local Law shall be known as “Local Law No. 2 of 2024: Amending Article VII of Chapter 133 Of The Town Of Pittsford Municipal Code Entitled Taxation – Real Property Tax Exemption for Disabled Persons”

Sec. 2 Amendment to Existing Law

The Pittsford Town Code, Chapter 133, Article VII, shall be amended to revise § 133-25 “Definitions,” § 133-26 “Exemptions granted,” and § 133-27 “Conditions upon exemption,” so as to redefine qualifying income and to increase the income levels of exemptions, consistent with recent state law revisions, as follows:

§ 133-25 Definitions.

As used in this article, the following terms shall have the meanings indicated:

A PERSON WITH A DISABILITY
An individual who has a physical or mental impairment, not due to current use of alcohol or illegal drug use, which substantially limits such person’s ability to engage in one or more major life activities, such as caring for one’s self,
performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working, and who is certified to receive social security disability insurance (SSDI) or supplemental security income (SSI) benefits under the federal Social Security Act, or is certified to receive railroad retirement disability benefits under the federal Railroad Retirement Act, or has received a certificate from the State Commission for the Blind stating that such person is legally blind, or is certified to receive a United States Postal Service disability pension, or is certified to receive a United States Department of Veteran Affairs disability pension pursuant to 38 U.S.C. §1521.

INCOME OF OWNER OR OWNERS
The income of the owner or the combined income of the owners of the property for the second-latest calendar year immediately preceding the date of making application for the partial tax exemption shall be determinative of eligibility. Where title is vested in a married person, the combined income of such person and such person's spouse shall be determinative of eligibility, except where one spouse or ex-spouse is absent from the property due to divorce, legal separation, or abandonment, then only the income of the spouse or ex-spouse residing on the property shall be considered. The term “income” as used herein shall mean the “adjusted gross income” for federal income tax purposes as reported on the applicant's federal or state income tax return for the applicable income tax year, subject to any subsequent amendments or revisions, plus any social security benefits not included in such federal adjusted gross income and any tax-exempt interest or dividends that were excluded from the applicant’s federal adjusted gross income. Income shall not mean distributions received from an individual retirement account or individual retirement annuity that were included in the applicant's federal adjusted gross income, and any losses that were applied to reduce the applicant's federal adjusted gross income shall be subject to the following limitations: 1) the net amount of loss reported on federal Schedule C, D, E, or F shall not exceed $3,000 per schedule; 2) the net amount of any other separate category of loss shall not exceed $3,000; and 3) the aggregate amount of all losses shall not exceed $15,000. The applicant's income shall not be offset by all medical and prescription drug expenses actually paid that were not reimbursed or paid by insurance.

SIBLING
A brother or a sister, whether related through half blood, whole blood, or adoption.

Real property owned by one or more persons with disabilities, or real property owned by a married couple or by siblings, at least one of whom has a disability, and whose income, as herein defined, is limited by reason of such disability, shall be

B. Unless the property is used exclusively for residential purposes: provided, however, that in the event that any portion of such property is not so used exclusively for residential purposes but is used for other purposes, such portion shall be subject to taxation and the remaining portion only shall be entitled to the exemption provided by this chapter.

C. Unless the real property is the legal residence of and is occupied in whole or in part by the disabled person; except where the disabled person is absent from the residence while receiving health-related care as an in-patient of a residential health care facility, as defined in § 2801 of the New York State Public Health Law, provided
that any income accruing to that person shall be considered income for purposes of this section only to the extent that it exceeds the amount paid by such person or spouse or sibling of such person for care in the facility.

MEMORANDUM

To: Town Board
From: Robert B. Koegel
Date: February 2, 2024
Regarding: Local Law #3 of 2024 - Increasing number of members on Environmental Board
For Meeting On: February 6, 2024

Ladies and Gentlemen:

Proposed Local Law #3 of 2024 would amend Town Code §185-162 by increasing the maximum number of members on the Environmental Board.

Currently, the number of members on the Environmental Board is fixed at seven. Under proposed Local Law # 3 of 2024 submitted herewith, the Environmental Board would consist of at least seven but no more than eleven members. This range in the allowable number of board members is the same range that now applies to the Parks and Recreation Board.

This proposed change should broaden the participation of Town residents in the activities of the Environmental Board and encourage the adoption of programs and facilities reflective of desires and needs of the community at large.

RESOLUTION

I move that a public hearing be set for February 22, 2024 at 6:00 pm, local time, at the Pittsford Town Hall, to consider proposed Local Law #3 of 2024, amending §185-162 of the Pittsford Town Code to increase the maximum number of members of the Environmental Board, as set forth in the proposed written hearing resolution.

Renee M. McQuillen
Town Clerk
Town of Pittsford
MEMORANDUM

To: Town Board
From: Robert B. Koegel
Date: February 2, 2024
Regarding: Discussion of Pittsford Oaks, Tobey PUD parcels 8 & 12
For Meeting On: February 6, 2024

The Town Board has received an application to rezone Tobey Planned Unit Development (PUD) Parcels 8 & 12 at Clover Street and West Jefferson Road to allow the construction of up to 191 units of market rate apartments, instead of the construction of 106 units of senior housing as previously approved.

The Town Board has referred the application to the Planning Board, the Design Review and Historic Preservation Board (DR&HPB), and the Commissioner of Public Works for their advisory reports on the application. Those three reports are submitted herewith.

The purpose of this memorandum is to determine what changes, if any, the Town Board would like to see to the rezoning application, based on the advisory reports, and whether the applicant is willing make any such changes before proceeding with the rezoning process.

Change in Use from Senior to Market Rate Housing

While both the Planning Board and the DR&HPB recognize that the expansion of senior housing is an explicit goal of the Comprehensive Plan Update and that the use of this property as market rate housing should generate more traffic than senior housing, neither board objects to the change in use from senior to market rate housing. The Planning Board asks the Town Board to consider ways of incorporating the benefits of senior housing, by requiring, for example, a certain number or percentage of units to be designated for seniors only, or by making the target group of tenants empty nesters or 50-plus year olds. Does the Town Board consent in concept to this change in use?

Number of Allowable Units

The Planning Board consensus is that the proposed unit count of 191 units is too high. The board suggests that the allowable number of units be somewhere between 120 and 170 units, with the optimum number between 130 and 150 units. What number of allowable units is acceptable in concept to the Town Board?

Parking

Both the Commissioner of Public Works and the Planning Board observe that while the applicant has proposed 282 parking spaces for the proposed 191 apartment units, for a parking ratio of 1.48 spaces per unit, 21 of those 282 spaces are impermissible, so that the actual proposal is 261 spaces for 191 units, for a parking ratio of 1.37 spaces per unit. The applicant
considers parking ratios roughly between 1.2 and 1.5 spaces per unit as adequate for a multi-family residential project, while the Planning Board concludes that a prudent target for this project is a parking ratio between 1.5 and 2 spaces per unit. Both the Commissioner of Public Works and the Planning Board calculate that if 261 parking spaces were provided at a parking ratio of 1.75 spaces per unit, the project would yield about 150 units. What conceptual parking ratio does the Town Board suggest?

**Height**

The currently-existing maximum height of the senior housing community building which was approved but not built consists of two separate measurements; namely, the finished grade of the main entrance to the topmost part of the roof must not exceed 48 feet in height, and building heights measured from finished grade around the building may range from 37 feet to a maximum height of 59 feet (except at the main entrance). In establishing these zoning height restrictions for the senior housing community building, the Town Board had available to it the height measurements of the proposed building and photo simulation elevations of all exterior sides. The three-dimensional color rendering of the senior housing building from Clover Street, on which the height restrictions were set, showed an undulating exterior façade and nearly half of the building limited to 3 stories above grade and the rest 3 stories above the garage.

The applicant has submitted a Clover Street view rendering of the proposed market rate apartments without any height measurements. The DR&HPB comments that this 410-foot-long east elevation, with an unbroken roof line and four stories in height throughout (three residential stories over garage level at grade), creates a massive appearance over the Town-landmarked home at 2867 Clover Street and is readily visible from the Clover Street and West Jefferson Road. Should the applicant be required to submit comprehensive height measurements for the proposed building in order to create height restrictions and should the east elevation be lowered and modified to emulate the previously-approved senior housing building?

**Setbacks**

The setbacks for any PUD-zoned building are established by considering the height (or heights) of the proposed building, its footprint, and its exact location on a parcel. While the footprints of the proposed market rate apartment building and the previously-approved senior housing building are very similar, the height of the proposed apartment building is unknown, and the locations of the two buildings are nearly, but not exactly, the same. In order to calculate new setbacks for the project which will go into the zoning amendment, the height and exact building location should be established. Does the Town Board agree that this information is needed for a complete application?

**Landscaping**

The currently-existing landscaping zoning requirement for the senior housing community building is to leave landscaping regulation to the Planning Board, as part of the site plan review process and subject to the landscaping cost requirements set forth in the Town Code. This landscaping zoning requirement was based on the landscaping submission for the senior housing building, which included larger areas to place plantings and showed much more robust landscaping for that building than the landscaping submitted so far by the applicant for the market rate apartments. Should the applicant be requested to submit a landscaping plan for the
Apartments with larger buffer areas and landscaping that approximate Town requirements, which can be incorporated into the proposed zoning amendment?

**Parcel 12**

Parcel 8 is where the proposed market rate apartments would go. Parcel 12 fronts on Clover Street, south of and adjacent to the historic home, and features an entrance portion of Tobey Village Road which runs from Clover Street to the proposed apartments. The DR&HPB states that the applicant has committed to no development on Parcel 12 beyond that which is shown on the plans (which does not include any buildings and only 10 parking spaces) and that no further development should be permitted. However, as currently written, the zoning on Parcel 12 would allow senior housing, offices, and/or a parking/fire lane to complement the development senior housing. Should the allowable uses of Parcel 12 be restricted to those on the plans and the existing non-development uses, which are access (including fire access), landscaping, signage, and outside refuse storage?

Regarding: Pittsford Oaks Re-Zoning Application – Advisory Report

As you know, the Town Board has received an application to rezone Parcels 8 and 12 of the Tobey Planned Unit Development (PUD) at the intersection of Clover Street and West Jefferson Road to allow the construction of up to 191 units of market rate residential apartments. Currently, the parcels are zoned to allow the construction of up to 115 units of senior housing (although the previously-approved, unbuilt project for the parcels was for 106 units of senior housing).

Under Town Code § 185-75(B)(1), whenever any planned unit development is proposed, the Town Board must submit the application to the Planning Board for its “input” through a non-binding advisory report. The Planning Board has received the application, as well as additional plans, reports, and commentary from the applicant, the Planning staff, and the public, and has considered this material at a public workshop as part of its regularly-scheduled meetings on December 11, 2023 and January 8, 2024, consistent with Town Code provisions. This memorandum, which is a distillation of comments from individual Planning Board members, constitutes the Planning Board’s advisory report on the subject application.

On the subject of change of use from senior to market rate housing.

The Planning Board does not object to the change in use from senior to market rate housing. The Planning Board recognizes that the use of this property as senior housing would foster an explicit goal of the most recent update of the Town Comprehensive Plan and should generate, on a unit by unit basis, less traffic congestion than market rate housing. Should market rate housing be allowed, there may be ways to incorporate the benefits of senior housing. For example, a certain number or percentage of units could be designated for seniors only. Alternatively, the target group of tenants could be empty nesters and 50 plus year olds to address concerns of having peripatetic college students as tenants.

On the subject of sufficient parking for the project.

The applicant proposes to provide 282 parking spaces (mostly underground below the apartment building) for the proposed 191 residential units, for a parking ratio of 1.48 spaces per unit. However, 21 of those proposed spaces are on the surface in the Town’s right of way along Tobey Village Road and will not be allowed. Moreover, the Planning Board is not in favor of...
providing additional surface parking spaces on the verdant land of Parcel 12, adjacent to the Town-designated landmark at 2867 Clover Street. Thus, the actual parking ratio for the proposed project appears to be 1.37 spaces per unit.

There is some dispute over the proper parking ratio for the proposed project. The applicant points to industry standards and certain projects within and without the region to establish a parking ratio roughly between 1.2 and 1.5 spaces per unit as adequate for a multi-family residential project. The Planning Department looks to the actual parking ratios in the nearby Dunnwood Green apartment complex on West Jefferson Road just over the Henrietta border (2.3 spaces per unit) and recently built Kilbourn Place apartments on East Avenue (2 spaces per unit), as well as the parking requirements in nearby towns (running between 1.75 spaces and 2.5 spaces, with 2 spaces predominating), to propose a parking ratio of at least 2 spaces per unit.

The Planning Board concludes that a parking ratio for this project between 1.5 and 2 spaces per unit should be a prudent target. Assuming the current site plan has 261 viable space (282 proposed spaces, minus 21 spaces not allowed) and a parking ratio of 2 spaces per unit, the project could be limited to 130 units.

On the subject of number of allowed units.

The consensus of the Planning Board is that the proposed unit count of 191 units is too high. Furthermore, creating more parking spaces to accommodate 191 units based on a parking ratio of 2 spaces per unit is not recommended. The allowable number of units should be somewhere between 120 and 170 units, with the optimum number between 130 and 150 units. It is noted that if 261 parking spaces were provided at a parking ratio of 1.75 spaces per unit, the project would yield about 150 units.

On the subject of traffic congestion.

The Planning Board recognizes that any new development of this property will generate additional traffic impacts over the existing conditions, but this project should not cause unreasonable additional traffic impacts. Nevertheless, some nearby residents will notice additional traffic congestion with this project and may find it more difficult to enter and exit their residential subdivisions.

Regarding: Pittsford Oaks Project – DRHPB Advisory Report

As you know, the Town Board has received an application to rezone Parcels 8 and 12 of the Tobey Planned Unit Development (PUD) at the intersection of Clover Street and West Jefferson Road to allow the construction of up to 191 units of market rate residential apartments. Currently, the parcels are zoned to allow the construction of up to 115 units of senior housing (although the previously approved, unbuilt project for the parcels was for 106 units of senior housing).

By resolution adopted November 16, 2023, the Town Board referred the application to the Design Review and Historic Preservation Board (DRHPB) for an advisory report. The DRHPB has received the application, as well as additional plans, reports, and commentary from the applicant, and has considered this material on January 11, 2024, as part of its regularly scheduled meeting. This memorandum, which is a distillation of comments from individual DRHPB members, constitutes the DRHPB’s advisory report to the Town Board.

The General Project

The change in use from senior housing of (a maximum of 115 units) to 191 market rate apartments changes the general nature of the development.

Market rate apartments create more concentrated traffic patterns and an increase in the previously approved number of apartments will, of course, create more traffic. The traffic study should be reviewed to ensure that it satisfies both the Town and the Department of Transportation.

The project does not provide housing at a lower cost for residents of 55 and older, as recommended in the Comprehensive Plan, and does not provide a type of housing not already seen in Pittsford.

It is noted that a four-story building on top of a hill or rise is not in keeping with Pittsford’s current residential profile, nor is it appropriate adjacent to the historic home.

The Building Design and Colors

The Board prefers the color scheme shown in the 3D rendering print as compared to the 2D renderings, which don’t appear to match. Likewise, the Board prefers that any gable
overhang be deep enough to read as a roof, rather than a thin addition, as is seen in the 3D rendering of the main entrance.

The exterior finish shown at the parking garage level and extending down to grade, Exterior Insulation and Finish System (EIFS), a non-load bearing cladding system that provides exterior walls with a water-resistant, insulated surface, is not a good material because it does not have the visual appearance to support a tall building and materials above.

The northeast corner and the east elevation of the building that faces West Jefferson Road and Clover Street appear as the “backside” of the building, with repetitive window placements and lack of accent detailing. The Clover Street and West Jefferson Road views should receive the same attention to detail as the main entry area at Tobey Village Road.

The Historic Home at 2867 Clover Street

Potential negative impact to the historic home must be minimized, and opportunities to reduce impacts and buffer the home from the new development should be implemented.

The 410-foot-long east elevation is of particular concern to the DRHPB because it is the backdrop to the historic home and will be readily visible from the Clover Street and West Jefferson Road intersection. The building has a long, unbroken roof line that, at four stories in height, creates a massive appearance above the historic home. The repetitive window placements across the east facade are monotonous and, while they may be necessary for each unit, they accentuate the impact of the large structure. Currently, the plan fails to respect the historic home, and options to reduce the impacts to the historic home should be provided.

Previous designs submitted for the senior housing project lowered the east elevation to three stories for a section of the structure, which reduced some of the visual impact. The developer should consider a similar design.

The developer has committed to no development on Parcel 12 beyond what is shown on the plans and the DRHPB agrees that no further encroachment should be permitted. The developer should maintain natural buffers and not remove mature trees and existing landscaping.

Currently, site plans show a small amount of asphalt that crosses from Parcel 8 to Parcel 12 as a part of the planned emergency access route. Should this be necessary, the amount of development should be kept to a minimum for emergency vehicle apparatus and not striped for general parking.
MEMORANDUM

To: Town Board
CC: Doug DeRue, Director of Planning, Zoning, & Development; April Zurowski, Planning Assistant; Robert Koegel, Town Attorney
From: Paul Schenkel, Commissioner of Public Works
Date: February 2, 2024
Regarding: Pittsford Oaks Re-Zoning Application

Ladies and Gentlemen:

As you are aware, the Town of Pittsford Town Board received an application to rezone Parcels 8 and 12 of the Tobey Planned Unit Development (PUD) at the intersection of Clover Street and West Jefferson Road. Per Town Code §185-75 C. (3), the Commissioner of Public Works shall submit a written report commenting on and making appropriate recommendations as to the feasibility and adequacy of the design elements of the application. Please consider this memorandum my comments on the application.

The applicant has proposed 282 parking spaces for the proposed 191 market-rate apartment units, for a parking ratio of 1.48 spaces per unit. Twenty-one spaces are proposed, alternatively, (a) in a “carve-out” along Tobey Village Road where cars would park head-in; or (b) in a parking area at the side of the proposed building beyond the Town right-of-way, with short entry and exit points intersecting Tobey Village Road. Although existing parking spaces along Tobey Village Road in the same configuration as option (a) and in the same general vicinity have been in place for years, the Town’s records disclose no formal approval for them. The Town frowns on parking configurations requiring motorists to back out of spaces and into the road.

The Town Board should consider traffic effects at the intersections of Sinclair Dr, Tobey Village Road and Office Park Way, Sinclair Dr and Clover Street, Tobey Village Road and Clover Street, Tobey Village Road and W Jefferson Road, and Clover Street and W Jefferson Road. The Town Board should direct the Planning Board to consider realigning Tobey Village Road or Office Park Way at Sinclair Drive to improve the awkward 4-way stop intersection.

A way to increase the proposed parking ratio and reduce possible traffic effects is to reduce the number of units permitted. At 261 parking spaces proposed, a parking ratio of 1.75 spaces per unit would yield about 150 units.

New Proposed Programs for Spring 2024

Broadway Babies - The Wizard of Oz Musical Workshop

A Musical Theatre course for your young beginner that will expand skills by learning songs, dances, and storytelling. Students will be introduced to vocal exercises and songs, basic dance skills, and creative play using props and costumes. Perfect for children that love theatre or have a desire to see what it’s all about! The program will end in a presentation, where your child will shine! It's a great show for friends and family to celebrate what the cast members have learned throughout the production process!

Broadway Babies - Treasure Trunk Theatre

Our treasure trunk provides the dramatic focus for each class; it conceals something mysterious and exciting! We open the trunk to discover the spark that inspires that day’s interactive adventure. Each day’s adventure also ties into the session-long story that we create while simultaneously playing all the characters. We will learn how to band together as an ensemble using voice, body and imagination to overcome a myriad of dramatic challenges.

Broadway Babies – Story Drama

In this class, we take selected children's books* and use them as the base for a dramatic exploration. Students will create new characters and dramatic situations in which we work together to overcome all sorts of challenges, while using the stories as inspiration. Props and costumes will be used to further enhance our sensory experience of the story. Come experience some great stories with us this Spring!

Learn to Figure Skate

Figure skating is a great activity that can be fun for all ages. Learn the basics of figure skating with professional Genesee Figure Skating Club coaches. Coaches work on helping skaters have fun while safely learning new skills such as turning, spinning, and jumping on the ice.

‘Accidental’ Social Skills Comedy Improv

Have fun, make friends and enhance social skills without trying while playing easy theatre games like those seen on TV’s “Whose Line is it Anyway?” Class has a relaxed, supportive atmosphere. Participation is encouraged, never forced. We welcome young people with: High Functioning Autism, ADD/ADHD, Anxiety, Depression, Bipolar, Tourette’s and any other social communication challenge. These easy theatre games and scenes utilize suggestions supplied by fellow players. The results are at best hilarious, at worst interesting. No experience is required.

Or what Pittsford was called before it was named Pittsford? Join residents and youth actors who will bring some of our local history alive! Walking tours are 35 minutes long, family-friendly, and in celebration of Historic Preservation Month.

Mindfulness for Moms

Stacey Maroney

Finding time for creative mindfulness as a new mom can be hard. Set aside an hour a week for yourself, and bub to join in with a group of other moms that just get “it”. Finally, an art class that you can bring bub along to without feeling guilty if they start crying or need a feed. We will have space set aside so please bring a mat or blanket for bub to lay/ sit/ crawl on. We will have coffee, a sweet treat and participate in a creative task in our journals. You don’t have to be an artist to join in. We will focus more on the process and no doubt the conversation.

Stand-up Comedy

Carol Roberts

Learn writing techniques and perform routines weekly for class and receive constructive feedback. Final class is a show (optional) for family and friends. Former San Francisco Cable Car Entertainer of the Year winner instructor Carol Roberts has performed with Robin Williams, Paula Poundstone, and Ellen DeGeneres. The curious and skeptical are welcome. No experience required. Come prepared to laugh.
