Refuse District Service Provider Update

REFUSE DISTRICT SERVICE PROVIDER UPDATES

On April 8, the Town learned that our current Refuse District Contractor, Seyrek Disposal, has been acquired by Casella Waste Systems. We understand that this news may raise questions, and we want to assure you that the Town is taking proactive steps to maintain the high level of service you have come to expect from Seyrek.

On April 17, Supervisor Smith will meet with Casella's Vice President of Operations to discuss several key priorities. Our primary focus will be ensuring that Casella upholds the consistently high standard of service and competitive pricing that Seyrek Disposal has provided to our residents.

Notwithstanding the change in ownership, our Refuse District program will continue without interruption. Casella Waste Systems is committed to honoring all terms of our existing contract with Seyrek Disposal, including the extension of the contract to December 31, 2027. Neighborhoods in the process of creating a Refuse District should continue. Remember, you have until April 30 to submit petitions.

To summarize the current situation:

- **Current Cost:** The annual cost for residents in a Refuse District remains \$256.43. This price is fixed through the end of 2025 and is subject to a maximum yearly increase of 2% beginning January 1 of each renewal year.
- **Staff and Schedules:** Current Seyrek staff will remain in place, and your pickup schedules will stay the same. You will continue using the same totes. Any existing special services, such as door-side pickup, will also continue.
- **Customer Service:** The customer service contact information for your trash collection remains unchanged.
- **Service Continuity:** Subject to our ongoing monitoring of service quality, nothing changes for our Refuse District residents at this time.

The Town is committed to ensuring that our residents continue to receive high-quality and cost-effective trash collection services. We will keep you informed of any significant developments as they occur.

This is a drive-thru event hosted at the Perinton Public Works Facility: 100 Cobb's Lane, Fairport, 14450.
