# Chatham Woods Trails

❶ The Oldest House in the Town of Pittsford

The oldest house in the Town of Pittsford was built in 1793 by the nephew of town co-founder Simon Stone, Simon Stone II. Simon Stone II came here as a lawyer and established a farm as well. After falling into serious disrepair, it was purchased in 1948 by Dr. and Mrs. Clifford Ford, who restored it with great care and in keeping with its historic character while adding modern amenities. The Fords lived in the home until their deaths, when it was willed to an individual that did not occupy it. It was eventually purchased by a local builder who developed the surrounding acreage and remodeled the home to its present design.

❷ Lusk Farm

Much of this area was once part of the Lusk property. Stephen and John Lusk are credited with being the community's first settlers. Stephen established a farm at 1 Mendon Center Road, and the area around Stone and Knickerbocker Roads was farmed by the Lusk Family for over 150 years.

Trail Rules:
Please Stay on Path
Clean Up After Your Dog
Closed During Hours of Darkness
No Motorized Vehicles
No Horses
Alcoholic Beverages Prohibited
Hunting Prohibited

For trail related maintenance issues, please contact the Parks Department at (585) 248-6495. Any other concerns can be directed to the Department of Public Works at (585) 248-6250.
