Thornell Farm

Joseph Thornell (originally Thornhill) was born in England in 1761. He came to Pittsford in 1804 where he established a large farm. Joseph began building his house about 1806; a privy, smoke house, and hog house were all original outbuildings, as well as three large barns. One of those barns was donated to the Genesee County Village and Museum. The farmhouse remained in the Thornell family for almost 150 years. The farmhouse and two barns still remain on Thornell Road today.
